

An aerial photograph of a city street, Andrassy Street, showing a mix of residential buildings, trees, and a central area that appears to be under development or rehabilitation. The street runs horizontally across the middle of the image. On either side, there are rows of houses and apartment buildings. Some buildings have red-tiled roofs, while others have grey or blue roofs. There are many green trees interspersed among the buildings. In the center of the street, there are some construction materials and what looks like a temporary structure or a large pile of earth. The overall scene suggests a city undergoing urban renewal or a major renovation project.

Andrássy út térfal rehabilitációja és a városi könyvtár telepítése
